NPIC/TCO FOR RADC/TCO

PASS TO

SUBJECT: LONG LINEAR ARRAYS

FOLLOWING REPLY FROM ANSWERS EACH PARAGRAPH OF

YOUR CABLE:

1. WE HAD RECENT SIGNAL FROM THIS SUBJECT. WE REPLIED SUGGESTING HE GET IN TOUCH WITH YOU TO SEE IF YOU COULD REFER TO ATTACHE REPORT WHICH WAS RECEIVED DURING YOUR TIME IN TECH INT AIR, REFERRING TO A NUMBER OF THESE SITES AS PROD PUBLISHED SOVIET BROADCAST SITES, PARTICULARLY KRASNOYE. YOUR RELIEF CANNOT LOCATE THIS REPORT.

B. THIS IS A JPRS TRANSLATION BUT I DO NOT HAVE THE REFERENCE. MY RECOLLECTION IS THAT IT CONTAINED A PICTURE OF ONE OF THE ARRAYS. WE DID NOT RETAIN AS WE WERE SATISFIED THESE WERE BROADCAST INSTALLATIONS AND OF NO MILITARY SIGNIFICANCE.

C. I PAID VISIT TO MONITORING AT AND OBTAINED THE RF WHICH WAS APPROX 1,330 KHZ, BELIEVED TO COME FROM SITE AT LVOV/KRASNOYE, OF WHICH WE HAD ATTACHE PHOTOS AND CONFIRMATION IT AS BROADCAST SITE FOR MANY YEARS. ARRAY IS SIMILAR TO ALL OTHERS. IF HIGH POWER OHD IT WOULD HARDLY BE ERECTED AT BROADCAST SITE.

D. I DO NOT KNOW OF ANY REFERENCES.

2. NO, MUCH OF DISCUSSION IS OMITTED FROM CONFERENCE RECORD.

3. I AM NOT AWARE OF ANY SUCH INVESTIGATION, BUT BELIEVE I WOULD NOTICE IF THIS WERE SO.
